

# CASEY CAREER CONSULTANCY

Career Guidance Professionals  
for over 30 years.

## Empowering you to find the right path

to choose the right course or career for you so your time at work can be more enjoyable and fulfilling

## We help you explore the emotional & rational elements of your decisions & choices

so work doesn't feel like work

## **We help you to discover yourself**

- find the kind of learning you prefer
- find what your learning strengths are
- find an area of learning that builds on your talents and strengths
- find what you're interested in and good at

## We help you to be aware of your choices

- when you understand yourself, you can make better choices
- career decisions are easier when you know how to relate subjects with courses
- we will help you become informed on the full range of options

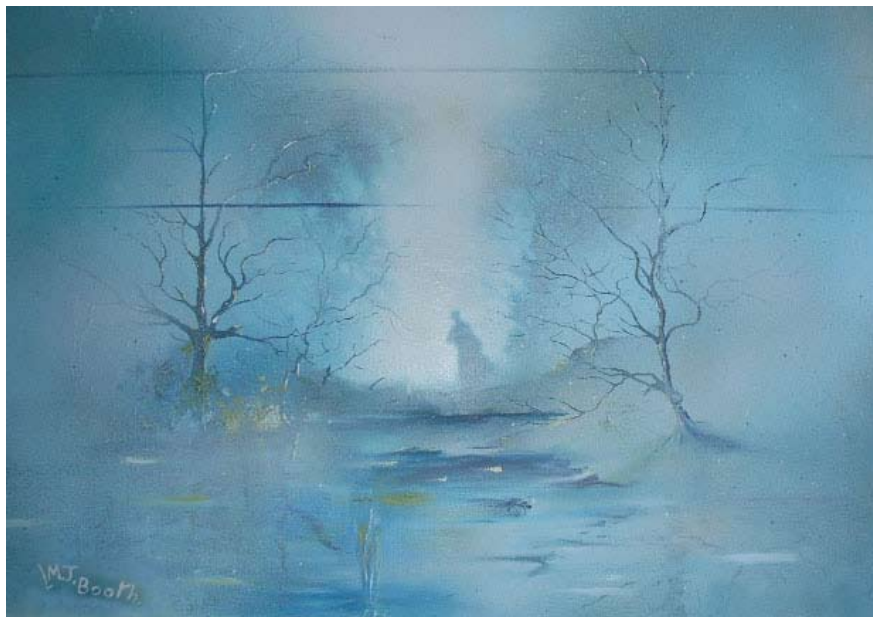

## What can we do for you?

We help you

- find out what you're good at
- understand how you learn
- know yourself better

## How do we do that?

- we teach you how to choose
- we assess your aptitudes and explore your skills and interests
- we direct your search for information on courses
- we guide your career information research
- we involve your parents in the whole process where appropriate

## We tailor our Career Guidance Service to suit your needs

Our goal at Casey Career Consultancy is to offer a service which helps you choose a career that suits your uniqueness.

We have been providing this personalized service for over 30 years.
